## CAREER GUIDANCE, MAKE YOUR DREAM COME TRUE

Babies don't come with user manuals. That's a parent's first experience with helplessness. As the kids grow, we don't have navigation systems to see where they are heading and how they are getting there.

Since we worked in various Fortune 100 companies in the USA and C-DoT, Infosys, Wipro in India, involved in hiring & training process, also completed Interview Certificate Program (USA). How corporate companies measuring the Technical Competency and Behavioural Competency? We are shaping our students to meet corporate needs or become an entrepreneur.

After +2, If students choose their right career based on interest and hobby, the success rate as well as satisfaction level will be very high, but as per NASSCOM survey says 80% candidate choose wrong career after X and XII.

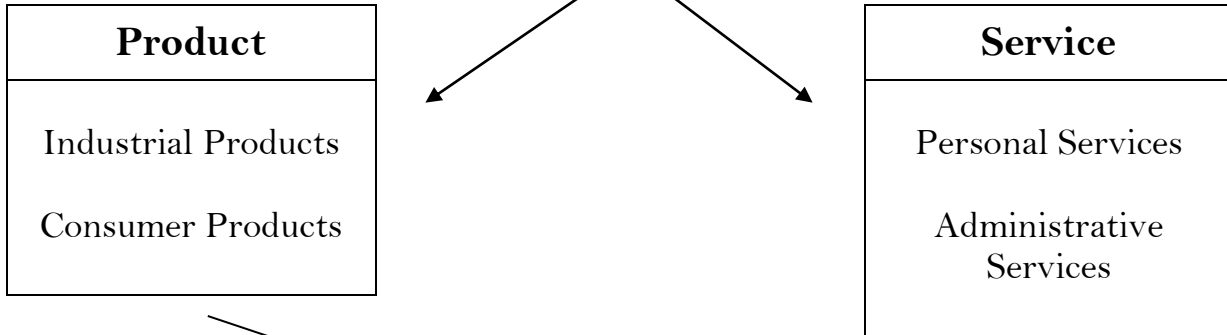

Sangford school wants eradicate this situation we strictly follow Howard Gardner\* MI Test model at VIII Std entry and keep recording marks, assessing thru data mining technique. (\*Howard Gardner from Harvard Graduate School of Education at Harvard University, Cambridge, MA USA). We don't allow our students to choose courses after 12th - under the influence of friends and relatives.

We guide our students based on their Area of Interest, Personality, Aptitude, Assessing Strengths and Weakness, Skill, Opportunities, Capability, Nature of work, financial aid and scholarship.

**6th to 12th** We are running classroom foundation courses for OLYMPIAD, JEE, NEET and CLAT, NATA, CUCET, CA-CPT entrance examinations. SAT/TOEFL/AP preparatory course for higher studies in abroad USA, Australia, UK and Singapore.

**Career is a major feature in people's life. Not only does it provide them with the means of survival in terms of Food, Clothing and Shelter, but also the type of work undertaken by individuals. It has a major impact upon their self-identity, social status and standard of living. The path towards successful and informed selection of areas of study is shown in this ongoing Sangford's Career Guidance program. We will be covering the following areas:**
